Confirm Password *

 Confirm password 

2. Assign Role / Module Access

Select the modules or sections this administrator will have access to.

☐

**Company Mgmt**

Manage company details and settings.

☐

**Video Mgmt**

Manage training videos and categories.

☐

**Certificate Mgmt**

Manage certificates and templates.

☐

**Analytics / Reports**

View analytics, reports and insights.

☐

**User Mgmt**

Manage users, roles and access permissions.

 You can update role permissions anytime from the admin dashboard.

 Submit

Already a company owner?

 [Company Owner Sign In](#)

Admin Portal

Note : You need to review (3a_Admin_Portal_New.pdf) the Admin Portal document.

Admin Role :

Company Mgmt, User Mgmt, Video Mgmt, Certificate Mgmt, Analytics (Reports)

Company Management

This module manages all companies registered on the platform.

Functions

- 1.1 Create company
- 1.2 Update company details
- 1.3 Activate/Deactivate company
- 1.4 Configure language preferences
- 1.5 View company reports

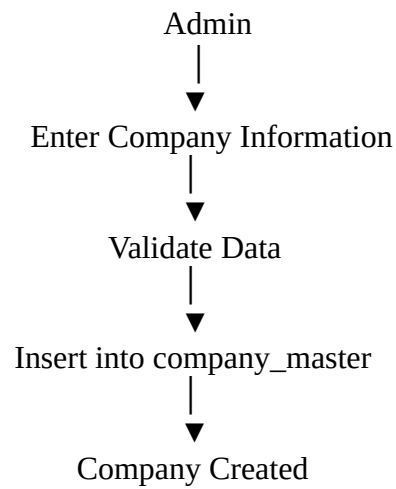

Tables

company_master

company_languages

1.1 Create Company - Used to register a new company on the platform.

Process

Create a New Company Info Entry Screen

 **Create Company Master**

Enter the company details below.
